September 22, 2022

Dear Friend,

Milton Academy fosters a community of bright, resilient, and empathetic leaders. As I embark on my final year as head of school, I continue to be proud of the progress our school makes each year. I look forward to the coming year with much enthusiasm. We are poised to embrace fresh opportunities for innovation, in and out of the classroom.

The incoming class of students is the most competitive in school history for application and acceptance rates. Milton's financial aid ensures that students will continue to benefit from an extraordinary education with our world-class faculty regardless of external circumstances. Providing necessary resources and training for our faculty remains a top priority and will continue to fuel modern programming, nurture a welcoming and inclusive environment, and inspire intellectual and personal growth. Our ongoing emphasis on curriculum renewal will position us well as we embark on a self-assessment for reaccreditation in the New England Association of Schools and Colleges.

The future is bright at Milton, and I am optimistic that we will continue to cultivate an environment in which all are welcome and challenged every day to live up to our motto, "Dare to be true."

We are strongest when we work together, and it is the love, care, and philanthropic support from our extended community of alumni, family, and friends that allows us to be the school we need to be for our students. Flexible annual support through the Milton Fund empowers Milton to shape future leaders and engaged citizens through a commitment to the health of our community, faculty support, curriculum innovation, and a diverse student body. Your gift to the Milton Fund fuels Milton's excellence in education and ensures that today's students have the resources they need to thrive at Milton.

Milton Academy remains a school community that projects hope for the future. I am energized at the prospect of all we will accomplish this coming year and know that with the incredible support of our extended community, Milton will be in a place of strength when Alixe Callen '88 assumes the head of school position next July. I hope I can count on you to support our work with a gift to the Milton Fund this year.

Sincerely,

Todd B. Bland
Head of School
